## PROFILE

I am a passionate web developer with an edge in UX and design. I am currently studying full stack development at Dev Academy and my foundation comes from a degree in Computer Science and Property, supplemented with various personal projects and UX courses.

My two years in real estate sales have been productive and rewarding. I am excited to enter a forward thinking industry that promotes my creativity and growth.

## EXPERIENCE

### [Sales and Acquisition](#)

NPL Holdings Limited / Feb '18 - Feb '20

Residential real estate sales are inherently personal and require a unique skillset. The keys are interpersonal skills, empathy and a comprehensive understanding of the product. Naturally, my people skills have improved greatly.

### [University of Auckland Snowsports Event Leader](#)

UASC / Nov'16 - Nov'18

With over 1000 members, these events are incredibly important to the club's success. My task was to create innovative ideas, marketing, budgeting and leading my support team.

### [Volunteer Administrator/Reception](#)

95bFM Radio / April '17 - 2018

I have a strong passion for music and wanted to contribute to my favourite local station, motivating me to learn as much as possible while there.

### [Warehouse Assistant](#)

Sunglass Style Head Office / April '17 – August '17

### [Various Hospitality Jobs](#)

May '14 – May '16

## EDUCATION

[Harness Projects](#) — UX Project-Based learning [Humanitix], Jun - Aug '19
